Administrator,

Here are the individual breakdowns with the changing HHRG and HIPPS scores. If this would have been with a contract even with my \$300.00 fee for the 6 admits you would still have a net profit change of \$3056.44 or \$509.41 a pt.

The total money difference with the In house coder's codes was \$1591.37. Minus the \$300.00 for my fee that comes to a total net profit of \$1291.37 or \$215.22 a pt.

For an average 1 office agency doing 10 Oasis's admit, recert and resump oasis's a month this would come out to a profit of **\$2152.29** for a total year it comes out to **\$25,827.40!!**

Let me know if you have any questions.
